Amman, Jordan

Full-stack developer with a background in Computer Engineering, passionate about programming and solving problems. I enjoy tackling challenging projects, learning new technologies, and building meaningful solutions. Open to teaching, collaborating, and making a positive impact.

## Education

### Tafila Tech University

Sep 2018 - Aug 2024

Bachelor | Computer Engineering

- Developed a solid foundation in computer science and programming, focusing on both theoretical and practical aspects of the field.
- Led academic initiatives, organized workshops, and collaborated with experts to enhance learning experiences.

## Work Experience

### Customer Service Agent

Oct 2023 - Sep 2024

Extensya

Demonstrated strong communication skills by resolving customer inquiries and maintaining a high level of customer satisfaction.

- Communication Skills & Interpersonal Skills
- Attention to Detail
- Adaptability

## Training & courses

### Laravel Development (Online Course)

- Completed an online course focused on Laravel, covering key aspects such as authentication, database management, and building secure APIs.
- Applied Laravel in practical exercises that demonstrated my understanding of back-end functionality and web application architecture.
- Gained hands-on experience with Laravel's tools and best practices, preparing me to effectively work with the framework in a professional setting.

**Full-stack Developer trainee**  
Orange Coding Academy
